

The Ganado Indians Baseball program is helping the fight against cancer. We're a part of a Vs. Cancer program that gives half of our contributions to a charity of our choosing (we're choosing St. Jude's Hospital), and the other half to cancer research. It is a fundraiser but Ganado ISD will see none of the money. The main focus for this battle is pediatric brain cancer, as it is the most prominent amongst childhood cancer. The GIB program is both donating and looking for donations to this absolute worthy cause. If you've ever been affected by this or known someone that's been affected by it, it's tough on everyone and it's very disheartening. When you can help someone in need, I feel like it's your obligation to do so. Donations can be submitted via this URL:

<https://team.curethekids.org/fundraiser/3145133>

Please give as much as you can to this cause, I've already made my donation. You can make the donation "in honor of" or "in memory of" someone near or dear to you. Let's make this a big deal and Stand Up To Cancer together. Everything is better when we work together. Thank you in advance for your contributions and know that you're making an enormous difference in some child and some family's life, and they'll appreciate it more than you'll ever know.
