

**Ganado ISD
Technology Department**

All 6th -12th grade students are required to have a GISD Chromebook for classroom work. As our network has grown, security challenges require that we only have GISD owned devices on the network with few exceptions.

We encourage students to check out a Chromebook on one of the scheduled dates.

Chromebook checkout for students grades 6-12

August 6th and 7th chromebook distribution for students in grades 6-12 (**main office hallway 1-5pm**). The chromebook check out sheet is in the pre-registration packet. There is a \$10 user fee. **Please bring the chromebook check out sheet and user fee when the chromebook is checked out.** Students who pick up their chromebook before the 7th will be eligible for a fast pass on the 7th during the pre-registration process

FAQ:

What you need to check out a chromebook?

Completed/signed permission slip for the chromebook
\$10.00 cash or check

What if a the student's GISD chromebook is damaged?

Students are guaranteed a Chromebook for the school year.

If there is an issue with the school's Chromebook that the student checked out, **the student will receive a Chromebook to use until the damaged Chromebook is repaired.**

Does the school district spy on my student?

GISD uses a number of security tools to keep everyone safe when using school devices but does not spy on students.

What does it cost to repair a GISD Chromebook?

If the Chromebook is damaged the first time the repairs are covered by the school, any incident after the first the student is responsible for the costs of the repairs.

Costs of Repairs/Replacement after the first incident

Screen: \$35.00

Protective Case: \$15.00

Replace Chromebook : \$175

Power Adapter: \$20.00 (if lost must pay for not covered as an incident)

Who can use the student's Chromebook?

The student who has checked out the Chromebook should be the only person using the Chromebook and charger.

Tools we use

Ebackpack, goguardian, gisdapp(blackboard, go to the app store and download gisd app) blackboard messaging- receive texts, phone-calls, social media updates.
